

PACKAGING TAPES

Durable, industrial grade tapes used to close and seal a variety of shipping materials to increase security of goods while in transit.

We offer wide range of closure systems to seal boxes, provide security/ tamper evident seals, splice, mail brochures, close envelopes and more. Our product offering is available in a variety of sizes, colors, and strengths perfect for your packaging application.

Contact TapeCase for all of your packaging needs.

Series	Thickness (Mil)	Backing	Adhesive	Color	Key Features
Carton Sealing Tape					
TC1180	1.9	BOPP	Hot-Melt	Clear	<ul style="list-style-type: none"> Strong holding for secure sealing High initial tack to product
BST-19HM	1.9	Polypropylene Film	Hot-Melt Resin	Clear	<ul style="list-style-type: none"> High initial tack & instant adhesion Sticks to uneven surfaces Moisture & temperature resistant
HP260	1.9	Polypropylene Film	Synthetic Rubber/ Hot-Melt Resin	Clear/White	<ul style="list-style-type: none"> Available for custom prints, branding & special messages Medium duty packaging tape Adheres to a variety of substrates & surfaces
BST-16R	1.6	Polypropylene Film	Natural Rubber	Clear	<ul style="list-style-type: none"> Light duty packing applications Cold temperature resistance Adheres to uneven surfaces
BST-16HM	1.6	Polypropylene Film	Hot-Melt Resin	Clear	<ul style="list-style-type: none"> High initial tacks Suitable for recycled cartons Non-critical, light duty packaging sealing applications Adheres to uneven surfaces
HP460	2.5	Polypropylene Film	Synthetic Rubber/ Hot-Melt Resin	Clear	<ul style="list-style-type: none"> Bonds to a variety of substrates & surfaces Fast drying times & ink grasp For hand & automated applications High performance for heavy duty packaging tape Available for custom prints, branding & special messages
BST-18A	1.8	Polypropylene Film	Acrylic	Clear	<ul style="list-style-type: none"> Adheres to uneven surfaces Light duty carton sealing Suitable for recycled cartons & manual carton sealing Acceptable for hot & cold temperatures UV resistant adhesive
3M 371	1.9	Polypropylene Film	Synthetic Rubber	White/Tan	<ul style="list-style-type: none"> Industrial packaging tape Recommend for boxes weighing up to 70 lbs Abrasion, moisture, chemical, & scuffing resistance Available for custom prints, branding & special messages
Carton Sealing Tape Strips					
3M 375	3.1	Polypropylene Film	Hot-Melt Resin	Clear	<ul style="list-style-type: none"> High performance packaging tape Tear resistance & highly flexible Available in 12" or 18" length strips
TCKLPT	1.9	Polypropylene Film	Synthetic Rubber	Clear	<ul style="list-style-type: none"> Printed opening instructions Blade-less entry box opening Made for sealing delicate products Moisture, chemical, temperature & weather resistance
TC260-Strips	1.9	Polypropylene Film	Hot-Melt Resin	Clear	<ul style="list-style-type: none"> Permanent bond to a wide range of substrates/ surfaces Close tabs for a variety of booklets, catalogs, folded mailers, brochures, gift boxes, etc Available in 1" , 1.5" & 2" sizes
Closure Tab					
TAB-37833 TAB-37840	2.5	Baxially Oriented Film	Permanent Acrylic	Clear	<ul style="list-style-type: none"> Excellent clarity High adhesion properties Designed for film face materials UV stability, water & heat resistance

Series	Thickness (Mil)	Backing	Adhesive	Color	Key Features
Closure Tab					
TAB-37827 TAB-37844	5.7	White Paper Tab	Permanent Acrylic	White	<ul style="list-style-type: none"> Heat resistance Vertical perforation Adhesion to ridges and grooves of multiple surfaces Trouble free performance in a variety of laser printers
TC260-Circles	1.9	Polypropylene Film	Hot-Melt Resin	Clear	<ul style="list-style-type: none"> Perforated & non perforated options Bonds to a large selection of substrates & surfaces Available in 1", 1.5", 2" sizes
Flatback Tape					
TC534	7.2	Kraft Flatback	Synthetic Rubber	Brown	<ul style="list-style-type: none"> Moisture and humid resistance Hand tear-able Application for carton sealing, packaging, splicing, tabbing
TC97	6	Kraft Flatback	Natural/Synthetic Rubber	Tan	<ul style="list-style-type: none"> High adhesion Hand tear-able High cross tensile strength Curling, abrasion & water resistance Strong, flexible & conformable backing
Message Printed Carton Sealing Tape					
150SP	1.9	Polypropylene Film	Synthetic Rubber	White Imprinted	<ul style="list-style-type: none"> Quick stick & high tensile strength Moisture, chemical, temperature & weather resistant Available in messages such as: "Approved" "Fragile handle with care" "Do not double stack"
Strapping Tape					
TC389	4.5	Fiberglass Reinforcement	Synthetic Rubber/ Hot-Melt Resin	White	<ul style="list-style-type: none"> Good adhesion & quick stick Shock, moisture & solvent resistant Doesn't split or crack For light duty applications
TC086	2.7	MOPP	Synthetic Rubber	Clear	<ul style="list-style-type: none"> For light duty applications Abrasion, scuff & moisture resistant Long lasting bond & adheres to a variety of surfaces
3M 8898	4.6	Tensitized Polypropylene Film	Pressure Sensitive Synthetic Rubber	Blue	<ul style="list-style-type: none"> Proper stiffness Abrasion, moisture & scuff resistance Provides strong adhesion to most fiberboard surfaces & a variety of plastic & metal surfaces
3M 860	2.8	MOPP	Synthetic Rubber	Black	<ul style="list-style-type: none"> High strength Tensile strength & UV resistance Abrasion, moisture & scuff resistance Adheres to a variety of surfaces & shear strength
Tamper Evident Tape					
HMT-1 HMT-2	25u	PET Film	Acrylic	Blue/Red	<ul style="list-style-type: none"> Tamper indicating seal Looks like plain packaging tape until lifted or removed Tape will not reseal or realign Tape removal will expose the hidden "Opened" & "Void/Opened" message on the application Sealing high value products such as pharmaceuticals & electronics
UPVC					
TC414	2.4	UPVC Film	Natural Rubber	Red Light Blue Orange White Yellow Fluorescent Black Clear Dark Green Tan Dark Blue	<ul style="list-style-type: none"> Heat shrinkable Easily removable Printable material Secure/ strong backing Adheres to a variety of surfaces High adhesion for secure closing Moisture, most acids, alkalis & solvents resistant
3M 600	2.3	UPVC Film	Pressure sensitive Acrylic	Transparent	<ul style="list-style-type: none"> High clarity & long lasting Easy handling Adheres to a variety of surfaces Moisture, chemical, solvents & UV resistant Available in multiple sizes

Series	Thickness (Mil)	Backing	Adhesive	Color	Key Features
Water Activated					
150KPT	7.3	Kraft Film	Water Activated	White/Tan	<ul style="list-style-type: none"> - Tamper evident carton sealing - Available in WARNING & FRAGILE - Maximum 30 lbs sealing packages - Moistened adhesives interacts with porous surfaced to a form a powerful, descure bond
Green Wave	5.9-6.9	Kraft Film	Modified Corn Starch Based	Natural/Tan	<ul style="list-style-type: none"> - Alternative to hot melt - Cannot be opened without leaving broken sealing - Environmentally friendly materials with energy saving process - Applications such as carton sealing & bundling
