Knifeless Packaging Tape

TCKLPT “APPLY PRESSURE HERE” – Black Print on Clear Tape

Product Description

A polypropylene film coated with a synthetic rubber adhesive system, which offers excellent performance in tensile strength, quick stick, and fiber tear, along with a tight unwind. This tape is also very resistant to moisture, chemicals, cold, heat and weathering.

Applications

This tape is a perfect product for sealing boxes of delicate products. Tape is designed to not require blade of knives when it needs to be removed. This prevents damage to gloves, food products or any item fully packed in a carton. This tape is intended to seal cartons being shipped via truck and not a parcel carrier service.

Product Benefits

- Printed Opening Instructions
- Bladeless Entry Box Opening
- Reduced Receiving Injuries

Typical Physical Properties

Thickness	1.9 mil
Adhesive	Rubber
Tensile	26 lbs/in.
Adhesion	46 oz/in.
Elongation	165%
Temperature	45° - 120° F

NOTE:

1. When applying pressure sensitive adhesive films to any surface, be sure that the surface is free from oil or other surface contaminants such as powder, dust or release agents. Adhesive performance should be carefully checked when used on substrates containing plasticizers.
2. The above values are "Typical Values" which have a nominal range about them and are not intended for specification purposes.
